Education

Kongu Engineering College, Erode
B.E. Computer Science and Engineering

2024 – Present
CGPA: 8.57/10

Technical Skills

Languages: Java, Python, C, SQL

Web Technologies: HTML, CSS, JavaScript, React

Database: MySQL, MongoDB

Tools: Git, GitHub, VS Code, Colab

Core Concepts: DSA, OOP, DBMS, Operating Systems

Projects

Clubs and Cells Management System

HTML, CSS, JavaScript, MySQL

- Built a centralized web application to manage 10+ college clubs, reducing manual event coordination and improving information accessibility.
- Designed separate interfaces for students and coordinators to streamline event management.
- Implemented CRUD operations using MySQL for efficient event and user data management.

Waste Water Analysis System

Python, Pandas, NumPy, Matplotlib

- Engineered a system for analyzing wastewater quality parameters and recommending suitable processing methods.
- Performed data preprocessing and analysis on wastewater quality datasets using Pandas and NumPy.
- Generated visual insights and trend analysis using Matplotlib.

Hotel Table Booking Management System

HTML, CSS, Bootstrap, MySQL

- Developed a restaurant table reservation system supporting booking and cancellation operations.
- Implemented booking and cancellation functionalities along with dashboard.
- Designed relational database tables and implemented CRUD operations for reservation management.

Operating System Project

HTML, CSS, JavaScript

- Developed a simulation-based project demonstrating memory allocation algorithms.
- Implemented FCFS, SJF, Round Robin, and Priority Scheduling algorithms.
- Built an interactive interface using HTML, CSS, and JavaScript.

Experience

Implant Training

Zen 1 Tech Park, Erode

Full Stack Web Development

- Built responsive web pages using HTML, CSS, JavaScript, and MySQL.
- Integrated frontend interfaces with MySQL databases for data management.

Next Gen Instruments

Full Stack Web Development

- Worked on web application development using React, JavaScript and MongoDB.
- Gained practical exposure to frontend and backend technologies and database management.

Certifications

- Artificial Intelligence Fundamentals – IBM (2026)
- C++ Programming – Infosys Springboard (2025)
